**We will continue to keep administrative costs for the GSA at a minimum through the generous contribution of pro bono work by many individuals. However, given the magnitude of our upcoming task, the need to stay independent from industry. Since the GSA is expanding and needs to fulfil legal requirements, we hope for your understanding that annual contributions from our member organizations are important. However, organizations that are unable to pay the fee due to financial restraints may ask for a waiver. Requests for waivers need to be submitted in written form, including explanation of reasons why the fee needs to be waived.*
